MEDIUM: you can use any medium you like, although use of color is preferred!

CHALLENGE // MASTER STUDY

Choose one of the reference images provided in the folder above and create a master study from it. Try to pick an **area of focus**: which aspect do you like most about the painting? Push that further in your master study, so it isn't an exact copy.

TIPS

- Reflect on which aspect you find **most interesting** about the original painting, and try to push that further in your own version.
- Try to **eyeball the colors**, rather than color pick them. It's great practice, and your colors will be more interesting and vibrant!
- **Limit the time** spent on it, so that you challenge yourself to be efficient.

HELPFUL RESOURCES

These are provided in the Loish's Art School download folder!

> WORKFLOW STEP-BY-STEP

This resource shows you the basics of my workflow, which you can use for a study like this one.

> DRAWING A CHARACTER

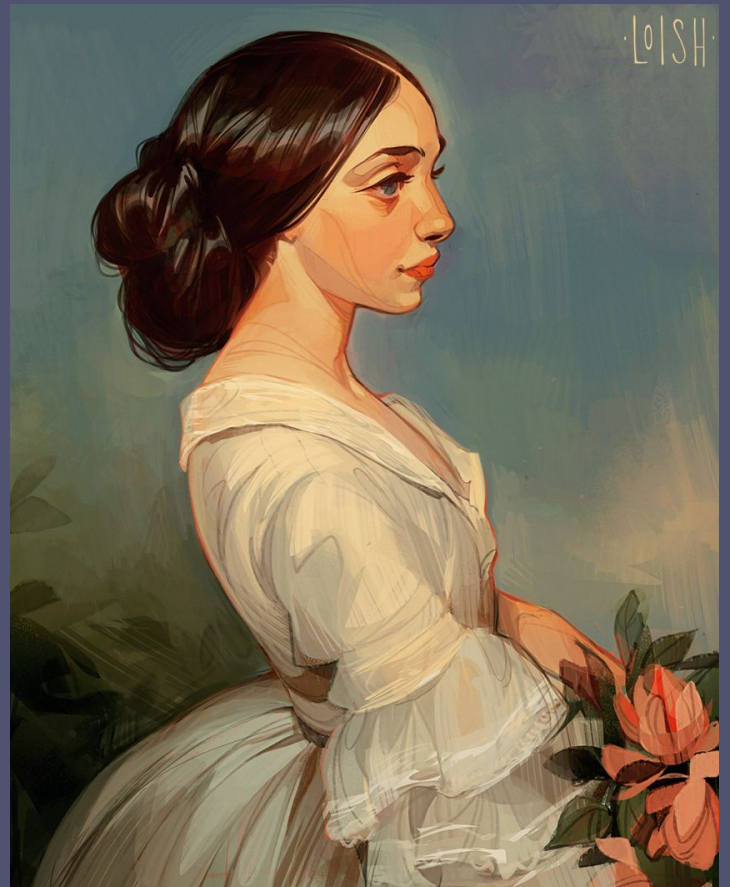

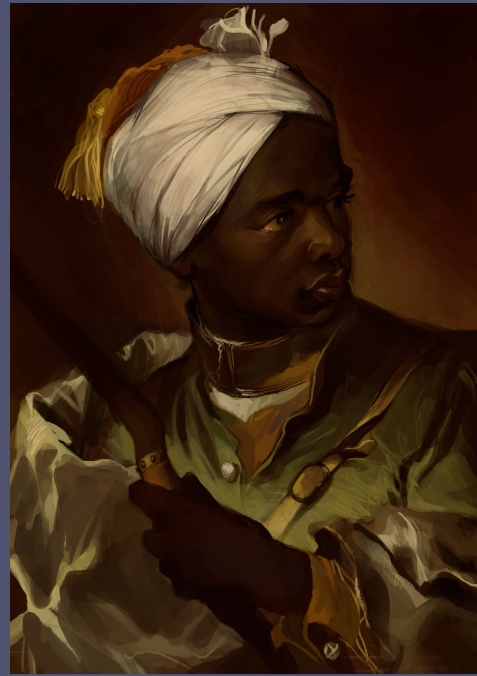

This video tutorial shows you how I construct a character in procreate.

BONUS CHALLENGE

Create multiple studies from the same artwork, each one with a different area of focus.

- Try to push them in different directions so that the final results are visibly different from one another.
- Towards the end, put away your reference and add elements from the imagination to make them original.
