

The background is a light pinkish-red color, heavily textured with dense, overlapping scribbles and loops of a darker red color. In the center, there is a faint, sketchy outline of a woman's face with long, wavy hair, looking slightly to the right.

WELCOME!

I'm Loish, and I have been creating learning content about digital art for over 20 years. I'm so excited to finally be able to share a comprehensive collection of resources for free! I created this pack because when I was starting out as a self-taught artist, I sometimes didn't know where to begin. With these resources, I hope to give digital artists the tools and knowledge they need to forge their own path and craft their own artistic journey!

In this file, you can find an overview of all the resources you can find in this pack. I suggest reading through it and then deciding where you would like to start - this can be different for everyone, so don't pressure yourself to do it in any specific way! Take all the time you need, and start wherever you like.

Have fun creating! ❤️
