**MEDIUM:** You can use any medium that allows for color. Digital media is preferable!

### CHALLENGE // UNDERWATER SCENE

Use the reference images provided in the following pages to paint an underwater scene. Try to balance soft, gentle gradients with sharp, defined detail!

### TIPS

- Start with gentle, soft gradients. Then gradually build up more complex details.
- Try drawing some squiggly lines, or using the stamp brush, and transforming it to create the caustic lighting effect.
- Add some floating specks and sharp bubbles at the very end!

### HELPFUL RESOURCES

These are provided in the Loish's Art School download folder!

#### ➤ PAINTING AN UNDERWATER SCENE

This is a walkthrough of how I paint an underwater scene in Procreate!

#### ➤ WATER BRUSH PACK

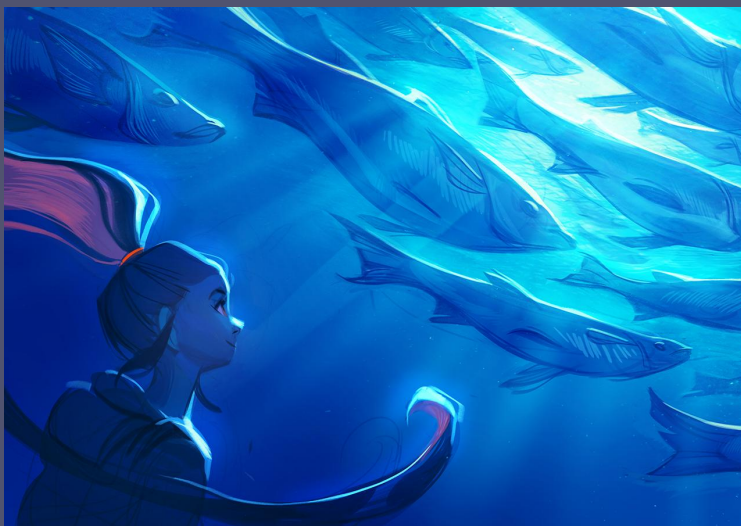

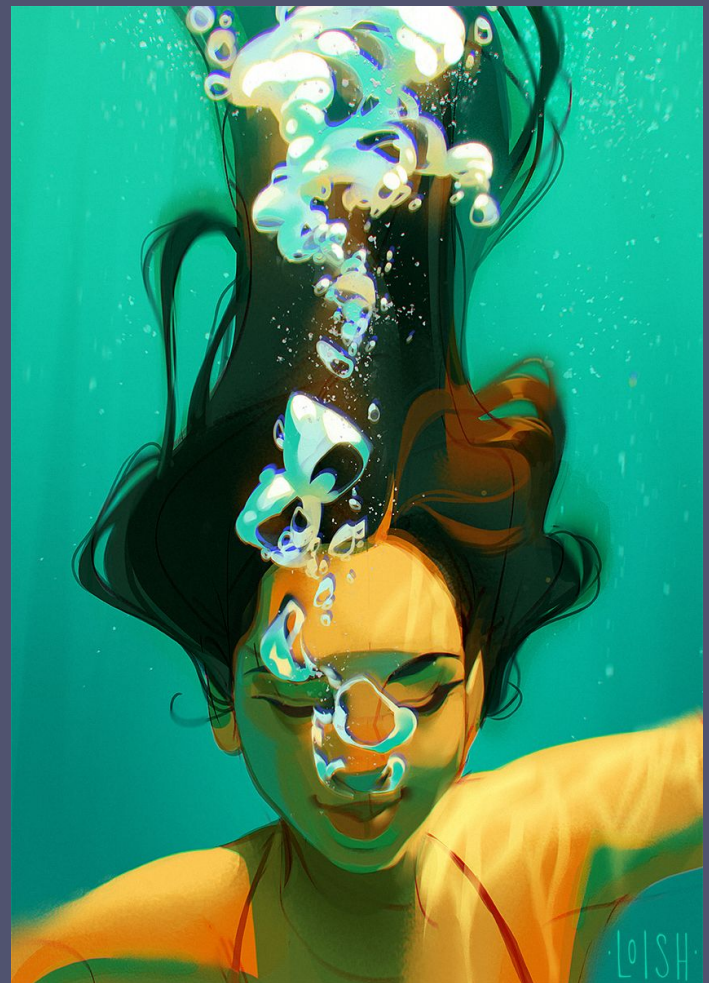

This pack contains a bunch of brushes that can help you in your process, specifically made for underwater settings!

### BONUS CHALLENGE

Add a character to your underwater setting!

- Make sure the colors blend in to the underwater setting.
- Add a shadow underneath the character, and some colors in the reflection above!
